

Dear FCC,

I am writing to let you know that K-LOVE is a such an important service in our community. The positive and inspiring music has changed the lives of many that would otherwise continue down a destructive path of trouble (crime, violence, etc).

If K-LOVE were to be replaced by a lesser quality service, we would truly lose the ground gained thus far. We are only human....we need constant, positive reinforcement everyday. K-LOVE does this!!!

Let the K-LOVE service continue in our community. Our future depends on it. We are raising positive, caring children to be a part of society that needs this so much.

Thank you, Elmer & Jane Burggraff
